

THE PRESIDENT'S CORNER

Hi All,

We had a fabulous time at our first Weekend Retreat. It was energizing, educational and fun! If you couldn't make it plan on being with us next year.

As promised we have another event coming soon, Nov. 10th. "kitchen accessories and profit potentials" are explored which will be help at Richelieu in Auburn. For those needing CEU'S, this presentation covers that too.

KBIS 2016 is the Kitchen & Bath Industry's largest showcase of new ideas, products & technology. Join us for Design & Construction Week in Las Vegas Jan 19-21!

Please plan to be with us for each opportunity for fun, education and a chance for networking.

Sincerely,
Ted Abbott, AKBD
Chapter President

Laminated Surfaces

The need:

More variety and freedom of choice in cabinet door and drawer fronts - a departure from wood - and wouldn't it be great if there were matching wall panels and tiles as well as countertops?

The solution: nFusionGlass is laminated wall coverings of any style behind tempered glass. *This isn't just customization; it's self-expression.* Want bamboo grass door fronts? Ok. What about hot pink leather wall panels? You got it. (Together? That's your call.) nFusionGlass creates innovative door and drawer fronts for cabinetry, wall tiles and panels and countertops to your specifications. This is where your unique interior design vision really can be one-of-a-kind.
